“ We never forgot our dear classmate, Mike. He must have impressed us deeply because we all remembered him each reunion. Though we never saw him in 65 years or so we would remember his dear nature. Rest In Peace classmate.

“ Letha & Family,

I was a classmate of Mike's at Cusick from 1st grade through 5th grade. I remember most his smile and good humor. We moved away the summer following 5th grade so I did not get to enjoy Mike's company the remaining years he attended Cusick. It is sad news to hear one of our classmates has passed on but it was good to hear he had such a positive life. I have thought of him often over the years. May you and your family be comforted by many fond memories.

“ Letha –

Mike and I rode the same bus in grade school. We were classmates and friends from the first grade through the seventh grade when his parents moved to Delta. My greatest memory with Mike was when we were about nine or ten and I stayed the night. His dad had an old car chassis that ran, with an apple box for a seat. We would drive it around in their woods and I'm surprised that we didn't hit anything.

We lost track of each other when they moved to Alaska. However, I lived in Eagle River for about nine years and one hunting trip took me to Delta or Fort Greely. My hunting friend said his dad had sold some of his farming equipment to Burcham. I told him of my old friend in grade school that was Mike Burcham and he said that was the person.

This was about 1990 or 1991, I'm not sure. Anyway, we met up and shared our old times together and was great to see my old friend. I moved back to Washington in 1993 and never got a chance the meet up again.

I have passed on the information about Mike to our classmates and they are sad to hear of our old friend. Take care and we are thinking and praying for you and the family.
