“ My favorite memory is the trip we all took to Key West. Especially when we all got into the Sting Ray tank. That was also a funny day because I got the ripped wetsuit. We couldn't stop laughing. I'm going to miss trips like that. It will never be the same without you. Your grandbabies will always know there Mimi loves them. I remember saying goodbye especially when we lived far away. That was the hardest part of the trip, I know we all don't like saying it. So, remember this isnt goodbye. Its a see you again. We love you.

“ So very very glad I was a part of Wendie's life. We had some fun times when she was young and we laughed a lot! She always had a beautiful smile and a wonderful laugh! I will always remember her laughter and her kindness!

“ My beautiful niece how do I go on without you! My heart is forever broken! I never thought you would go before me. I never seen anyone fight so hard to live. You are so smart, beautiful, strong, courageous, a fighter, stubborn, kind, loving and giving. I could go on and about you my amazing niece. Everywhere I turn and go I'm gonna see you and feel you in my life. I will never ever forget you! I will miss you taking pictures, our daily talks, your beautiful smile, your love for life! You loved to travel and stop and take a picture of a bug or bird. You got that from your Granny. Richard would just stand there and wait. Lillie and Bella are going to miss their mommy. I just don't know how to go on without you! I love you so much! The only thing that makes this easier is that you are no longer in pain and you are in heaven with Granny wrapped in her arms. I can only imagine the celebration going on right now! I have to let you go, so fly high my beautiful angel! I will love you till I take my last breath and will ALWAYS REMEMBER YOU! TILL I SEE YOU AGAIN! From your Aunt Linda Jo

“ I remember Linda Jo telling me about her niece born with a sun tan. I didn't believe it until I saw your picture. I have happy memories of you when you lived in PA. Going on long walks, catching lightning bugs in the park, all of us going out to eat. You grew into an amazing, beautiful woman who set goals for yourself and achieved them. You will be missed and forever loved because love never dies. I like to think you're soaking in all the beauty of heaven.
